Chuck's incredibly-savory Tex Mex taco-style hot sauce, is reminiscent of the former northernmost city in Mexico, San Antonio's ?Bowl of Red ? cumin-laced seasonings; which this state dish of Texas was served to patrons in open-air chili stalls by the Chili Queens in the early to mid 1900s. ¡ Mucho FLAVOR?Mucho AMOR ! This hearty Spicy Red peppersauce blend of serrano, jalapeño, and cayenne chiles combined with comino (cumin) and chili powder, a mixture of spices ; adds depth of flavor to TEX MEX border foods?tacos and chili con carne?coney chili dogs and charbroiled burgers.
